

Name of the Students.....

Q1. Calculate the natural growth rate of population (the difference between the Birth rate and Death rate) for Germany and USA for the given years.

Country	Birth Rate			Death Rate		
	1980	1990	2005	1980	1990	2005
Germany	10.0	11.4	8.3	11.6	11.2	10.6
USA	16.2	16.7	14.1	8.9	8.6	8.2
Natural growth rate of population						

Q2. Compare the rate of natural growth of population between Germany and USA over the given years. Which country is marked by shrinking population?

Q3. Explain the following line graph showing world population growth from 1700 to 2048. State how human population has increased over time referring the data with corresponding years.

Buddinggeographers.com

Q4. Try to figure out any one probable reason for the rapid increase of population after 1800.

Define the following terminologies

Birth Rate

Death Rate

Infant mortality rate
